

Screenplay

INT.LIVING ROOM.NIGHT

GEORGE and Meagan are in a heated argument while SARAH is sitting on the COUCH. GEORGE paces back and forth in the room holding on to his PHONE as Meagan stands still with her arms crossed. GEORGE finally stops in Meagan's face and says to her in a loud voice.

GEORGE

I just don't understand this. Where is all this coming from?

MEAGAN

You would not understand anything I have to say George. You just won't. So let it be as it is.

GEORGE gets frustrated and throws his PHONE on the ground. Meagan and SARAH get shocked. SARAH stands up as Meagan holds on to her

GEORGE

Damn it!

GEORGE tries to calm down as he sits on the COUCH

GEORGE

Make me understand. I have done everything right. What more do you want from this?

MEAGAN

You don't get the hint now do you? I don't like you anymore. Let alone like, I don't love you anymore and the more I stay here the more it turns to something else.

GEORGE

You're really doing this to me now? After all I have done. I have literally bent over backwards for you and you give up the next time things don't go your way. You selfish bit...

MEAGAN

What did you just call me? You should be counting your lucky stars that I have kept up with your bullshit for so long. I could have left months ago.

(CONTINUED)

GEORGE stands up and looks at Meagan in the eye as tears roll down his cheeks.

GEORGE

What did I do to deserve this. Do you know how many times I have also thought of quitting but I stayed because what me and you have is worth fighting for. How unselfish can you be.

MEAGAN

Trust me George. I have kept up with you for too long and I have thought about this for a long time.

GEORGE walks towards SARAH and grips onto her BLOUSE

GEORGE

Talk to her Sarah. At least she'll listen to you.

SARAH

Meagan. Don't throw all this away for something you feel is better out there. And George, if it's space she needs to figure things out then give it to her. Look, both of you are my friends and it bugs me to see you go through this. So please just sort out the issue. I don't want to be in the middle of all this.

SARAH picks up her purse, hugs GEORGE and Meagan then leaves out the FRONT DOOR. She calls a CAB and leaves.

GEORGE tries to walk towards Meagan to hug her but Meagan pushes him away knocking over a GLASS of WATER on the COFFEE TABLE. GEORGE looks at her shocked.

GEORGE

Is there someone else?

MEAGAN

What do you mean someone else?

GEORGE

Don't play dumb with me Meagan you know what I mean.

Meagan looks at GEORGE arrogantly.

(CONTINUED)

MEAGAN

Don't ask me stupid questions.

GEORGE

After all I have done for you this is what you have turned out to be. A selfish person that only thinks about what is good for them and not the people they claim they love. You dumb Bitch! Do you know how much I sacrificed? Do you know how many times girls have thrown themselves at me but I turn them down cause I chose you.

MEAGAN

Why don't you go to them. They probably will get rid of your boring ass anyway.

GEORGE

I can't believe you Meagan. I took you to see my parents, I let you in on every part of my life and this is what I get.

GEORGE walks back closer to Meagan in attempt to kiss her. Meagan pushes GEORGE away.

GEORGE

Naah there definitely is another person. Is that why we haven't been intimate for months. Is this why you come home late and hop into the shower immediately? Don't think I have been overlooking all this. I know when something is up Meagan. Just be brave enough and admit it.

MEAGAN

Okay George you really want to know? You really want to know huh? I have been cheating on you! Yeah I said it! I have been cheating on you for months now. I have someone who satisfies me, does all the things you could never do well even if you tried.

GEORGE surprised sits on the COUCH holding his head. TEARS begin forming in his eyes. Meagan picks up her PHONE and sends a text to LEON, the guy she has been seeing to come pick her up. Then there is a few minutes of silence

(CONTINUED)

MEAGAN

I have been very patient and wanted
to get rid of you for a long time
and I cannot deal with your
bullshit anymore. Good luck finding
another person.

A CAR is heard on the road outside and Meagan picks up her things and leaves banging the DOOR behind her. GEORGE quickly gets up and looks out the WINDOW and sees Meagan hug LEON as she gets in and drive off. GEORGE begins crying and shouting out curse words. He turns over the FURNITURE in the living room. He goes and brings out a KNIFE from the kitchen and begins cutting the palm of his hands as he watches blood drip out from them. He gives out a loud shout before laying flat on the FLOOR and sobbing.

INT.CAR.NIGHT

Meagan is in the passenger seat while LEON is in the drivers seat. They are driving to LEON's HOUSE. LEON is laughing as Meagan stares blankly at her PHONE.

LEON

What was that back there?

Meagan does not answer. She still stares at the black screen on her PHONE.
